Johnson&Johnson INSTITUTE

Agenda | October 3-4, 2018

Practical VT - Milan

Ospedale San Raffaele, Milano

Biosense Webster.

Welcome

The Practical VT course is a learning activity that is meant to show you the best practice in the management and ablation of patients affected by Ventricular Tachycardia.

The Arrhythmia Department of the Ospedale San Raffaele, led by Dr. Paolo Della Bella, is a European excellence in the treatment of these patients, so I'm sure you will have to opportunity to learn, ask and see the real state of art in the treatment of Ventricular Tachycardias.

I wish you a very instructive course!

Yours sincerely,

Michele Baccianti
