AOTRAUMA/AORECON COURSE—COMPREHENSIVE PERIPROSTHETIC FRACTURE MANAGEMENT OF THE HIP AND KNEE WITH ANATOMICAL SPECIMENS

DATE

December 10–12, 2018

CHAIRPERSONS

Mark Reilly, USA
Luigi Zagra, Italy

COURSE STRUCTURE

This 3-day, advanced level course comprises five modules of multiple topics, including practical exercises with anatomical specimens.

COURSE GOAL

This course aims to maximize patient outcomes following periprosthetic fracture by improving the practicing surgeon's ability to recognize, classify, plan, and perform internal fixation and revision total joint arthroplasty procedures around hip and knee prostheses.

TARGET AUDIENCE

Senior, experienced (more than five years) consultant/practicing surgeons:

- General orthopedic surgeons
- Fracture-specialized surgeons
- Arthroplasty-specialized surgeons
- Surgeons experienced with both trauma and arthroplasty

LEARNING OBJECTIVES

Upon completion of this course, participants will be able to:

- Recognize the challenge of periprosthetic fracture management
- Explain the indications for internal fixation and revision arthroplasty (including intraoperative fractures)
- Apply techniques of internal fixation and revision arthroplasty
- Prevent and treat complications
- Follow up the patient and optimize patient satisfaction
- Analyze treatment failures and recognize possible pitfalls in treatment

COURSE DESCRIPTION

This 3-day educational event is delivered through lectures, case-based lectures, small group discussions, and hands-on practical exercises on fixation and revision around the hip and knee. The 7 modules of the course, delivered by faculty experienced in fracture fixation and arthroplasty are:

1. General principles
2. Revision arthroplasty around the hip
3. Revision arthroplasty around the knee
4. Fracture fixation with implant retention
5. Other periprosthetic fractures
6. Patient journey
7. Anatomical specimen laboratory

SCHEDULE

Monday, Dec 10	13:00–13:10 Welcome and introduction 13:10–14:50 Module 1—General principles 15:10–15:55 Module 2—Revision arthroplasty around the hip 15:55–18:30 Module 3—Revision arthroplasty around the knee
Tuesday, Dec 11	08:00–09:35 Module 4—Fracture fixation with implant retention 10:00–16:30 Module 5—Other periprosthetic fractures 16:30–18:00 Module 6—Patient journey
Wednesday, Dec 12	08:00–17:00 Module 7—Anatomical specimen laboratory

PRICING AND PAYMENT

Course fee:
CHF 3,500

Payment methods:
Credit card preferred
Invoice payment optional / additional handling fee of 30 CHF

Cancellation fee:
50% of the course fee up to 30 days before the event. No refund thereafter.
Cancellation insurance recommended.

INCLUDED

- Course bag
- Welcome cocktail
- Course material
- Coffee breaks
- Lunch
- Business center on-site

EUROPEAN CME ACCREDITATION

An application will be made to the UEMS—EACCME® in Brussels for CME accreditation of this event.
