

EACTS Course in Cardiovascular Innovation

Monday 11 December

08:00

Atrioventricular Valve Disease: Focus on Mitral I

Chairs: M Borger, Leipzig; D Brown, Dallas; M Mack, Dallas, H Thiele, Leipzig

Live Cases:

Complex minimal invasive mitral valve repair and preop planning

M Misfeld, T Noack, Leipzig

Beating-heart transapical chord implantation

R Hahn, New York; J Seeburger, Leipzig

You may choose to block non-essential and unknown cookies.

How should we be quantifying functional MR in 2017?

To be announced

Debate:

Show Allow Block

– Robotic mitral surgery is in!

To be announced

– Robotic mitral surgery is out!

V Falk, Berlin

How to deal with severe MAC – catheter-based options

R Smith, Dallas

Mitral surgery for rheumatic heart disease

T Chotivatanapong, Nonthaburi

Should we be doing more mitral clips than conventional mitral valve surgery?

To be announced

New approaches to mitral prolapse

S von Bardeleben, Mainz

The transcatheter mitral valve replacement armada: Great expectations?

V Bapat, New York

11:00

Break

11:30

Atrioventricular Valve Disease: Focus Tricuspid II

Chairs: G Dreyfus, Monte Carlo; D Fullerton, Denver; M Leon, New York

Live Cases:

Tricuspid valve clipping

J Ender, P Lurz, T Noack, Leipzig

Redo-tricuspid valve surgery

D Adams, New York

Transcatheter tricuspid valve repair

R Hahn, New York; J Schofer, Hamburg

	Repair of congenital tricuspid valve lesions – how to do it	M Kostelka, Leipzig
	The transcatheter tricuspid repair armada – what's new and promising?	M Leon, New York
14:00	Lunch	
14:30	Ischemic Heart Disease <i>Chairs: V Falk, Berlin; U Laufs, Leipzig; FW Mohr, Leipzig; G Schuler, Leipzig; M Sousa Uva, Lisbon</i> Live Cases: Total arterial OPCAB Multi-vessel MIDCAB	N Doll, Stuttgart P Davierwala, Leipzig
	Percutaneous coronary intervention (PCI) for chronic total occlusion (CTO) Presentations: Optimal management of patients with multi-vessel disease Bioresorbable stents: Is the dream still alive? ON versus OFF Pump – what can we still learn?	H Thiele, Leipzig
	Innovation in CABG surgery Fractional flow reserve (FFR) guided revascularisation – the new standard Non-invasive coronary imaging with cinematic rendering	U Laufs, Leipzig D Brown, Dallas A Diegeler, Bad Neustadt M Ruel, Ottawa F Casselman, Aalst To be announced
17:00	Close	

Tuesday 12 December

08:00	Atrial Fibrillation <i>Chairs: N Doll, Stuttgart; G Hindricks, Leipzig</i> Live Cases: MRI based catheter ablation Transcatheter occlusion of the left atrial appendage Presentations: Current management of acute cardiogenic shock What is the most effective lesion set for atrial fibrillation? Total thoracoscopic atrial fibrillation ablation and left atrial appendage (LAA) occlusion	P Sommer, Leipzig M Sandri, Leipzig H Thiele, Leipzig M Gillinov, Cleveland N Doll, Stuttgart
10:00	Break	
10:30	Aortic Disease <i>Chairs: J Bavaria, Philadelphia; C Etz and D Scheinert, Leipzig</i> Live Cases: Complex aortic arch surgery Frozen elephant trunk Zone 2 TEVAR	M Grabenwöger, Vienna M Borger, Leipzig A Schmidt,

	Optimal protection of the brain and spinal cord during arch surgery	Stadenroger, Vienna
	Should every elephant trunk be frozen?	R Di Bartolomeo, Bologna
	Stenting of the ascending aorta: Ready for routine practice?	J Bavaria, Philadelphia
	Should every acute type B dissection be managed endovascularly?	E Roselli, Cleveland
	Successful endovascular management of chronic type B dissection	D Scheinert, Leipzig
		S Haulon, Lille
13:30	Lunch	
14:00	Aortic Valve Disease	
	<i>Chairs: R Makkar, Los Angeles; C Miller, Stanford; D Pagano, Birmingham; T Walther, Bad Nauheim</i>	
	Live Cases:	
	Transcatheter aortic valve replacement in bicuspid valve disease	A Linke, Leipzig
	TAVI for aortic insufficiency	D Holzhey, Leipzig
	Mini AVR with expandable valve	J Kempfert, Berlin
	AVR in combination with a mitral and/tricuspid repair	R Klautz, Leiden
	Presentations:	
	Conventional surgery is the gold standard for redo aortic valve replacement: CON	C Miller, Stanford
	Conventional surgery is the gold standard for redo aortic valve replacement: PRO	D Dvir, Vancouver
	Valve thrombosis post-TAVR/SAVR: How big is the problem?	R Makkar, Los Angeles
	Anatomically-oriented transcatheter valves: Which patients?	H Treede, Halle
	TAVI perspectives: Where did it start and where are we going?	T Walther, Bad Nauheim
17:00	Closing remarks	

Programme and faculty subject to change

COURSE INFORMATION

Date/Duration

11 – 12 December 2017 (2 day course)

Location

Leipzig, Germany

For more information, please click [HERE](#)

Course Director

M Borger, Leipzig

Course Format

Interactive lectures, debates and live operations

Target Audience

Cardiac surgeons, cardiologists and trainees

Course Fee

Members: €650 inclusive of VAT

Non-Members: €750 inclusive of VAT

Fee includes lunch, refreshments and dinner on Monday 11 December
