

Agenda | February 21-22, 2019

EMEA J&J Institute Sports Medicine Symposium – Innovations in Shoulder & Knee Arthroscopy

Johnson & Johnson Institute, Hamburg, Germany

Welcome to the Johnson & Johnson Institute

DePuy Synthes EMEA Professional Education is proud to present the very first educational symposium solely dedicated to Sports Medicine. With a focus on shoulder and knee arthroscopy, we have brought together a world class faculty to share their knowledge and experience of managing soft tissue injuries.

This highly specialized symposium will engage all delegates throughout the duration of the event with a mix of plenary lectures and breakout discussion groups.

I wish you a very instructive course!

Yours sincerely,

Melissa Forster

Professional Education Manager – Sports Medicine

Scientific Committee

Dr. Laurent Lafosse
Annecy, France

Prof. Jacques Menetrey
Geneva, Switzerland

Faculty

Dr. Tomas Smith
Hannover, Germany

Dr. Michael Göbel
Rosenheim, Germany

Dr. Jean Kany
Toulouse, France

Dr. Emilio Calvo
Madrid, Spain

Dr. Rupert Meller
Hannover, Germany

Prof. Romain Seil
Luxembourg, LUX

Dr. Alessandro Lelli
Milan, Italy

Dr. Silvia Bonfanti
Geneva, Switzerland

Mr. Ben Coupe
Wrightington, UK

Dr. Fabrizio Margheritini
Rome, Italy

Day 1 Plenary Sessions - Auditorium

February 21, 2019

12:00	Registration and Lunch	
13:00	Welcome and Course Introduction	S. Humbles
13:10	Welcome from Course Chairmen	
13:20	Past, Present and Future of Arthroscopy	A. Stephen
13:50	Delegates split into Shoulder and Knee specialities	
14:00	Breakout Sessions 1) The Meniscus 2) Shoulder Instability	All
17:30	The role of Simulation Training in Arthroscopy	N. Friederich
18:00	Closure of Day 1	Course Chairmen
18:15	Transfer to Hotel	
20:00	Transfer to East Restaurant	

Day 2

February 22, 2019

07:45	Transfer to J&J Institute	
	Group splits into small breakouts	
08:30	Case Discussions 1) Knee Arthroscopy 2) Shoulder Arthroscopy	All
10:30	Coffee	
11:00	The Knee in the 21st Century: A Surgeon's Perspective	J. Menetrey
11:30	The Shoulder in the 21st Century: A Surgeon's Perspective	L. Lafosse
12:00	The role of industry in Sports Medicine Education	S. Humbles
12:20	Course Closure	Course Chairmen
12:30	Lunch and Departure	

Breakout Sessions

February 21, 2019

Breakout Session 1: The Meniscus

14:00	An Objective Assessment: Long term results of repair	J. Menetrey
14:20	Techniques of Repair: Cause of Failure & Management	B. Coupe
14:40	Meniscal Instability, RAMP/ROOT & paediatric repair	R. Seil
15:00	Discussion	All
15:30	Coffee	
16:00	Outcomes of Post-Meniscal repair & Meniscectomy	A. Lelli
16:20	Complications of Meniscal Repair & Meniscectomy	F. Margheritini
16:40	Rehabilitation and Return to Sport	S. Bonfanti
17:00	Discussion	All

Breakout Session 2: Shoulder Instability

14:00	Complications in Shoulder Arthroscopy	E. Calvo
14:20	RC Management when repairable: From small to massive	R. Meller
14:40	Irreparable RC Tear: What to do	J. Kany
15:00	Discussion	All
15:30	Coffee	
16:00	Glenoid Fracture leads to anterior instability	M. Göbel
16:20	Indications for soft tissue repair in shoulder instability	T. Smith
16:40	Why and When to perform Arthro vs Open Latarjet	L. Lafosse
17:00	Discussion	All

Case Discussions

February 22, 2019

Case Discussion 1: Knee Arthroscopy

08:30	Anatomical Reconstruction & Methods of ACL Fixation	A. Lelli
08:55	Meniscal Suture Repair in patients over 50	J. Menetrey
09:20	TBC	F. Margheritini
09:45	Bonegrafting in Revision ACL Reconstruction	B. Coupe
10:10	Medial & Lateral Meniscus ROOT lesion, Medial Meniscus RAMP lesion	R. Seil

Case Discussion 2: Shoulder Arthroscopy

08:30	Double Row Supraspinatus Repair	M. Göbel
08:50	Traumatic Massive RC Tear & Arthroscopic Repair of Biceps Tenodesis	T. Smith
09:10	ArthroLatarjet	L. Lafosse
09:20	How to manage a postero-superior RC repair & How to manage a subscapular deficiency	J. Kany
09:40	TBC	R. Meller
10:00	TBC	E. Calvo
