Thursday May 31, 2018

**ANTERIOR INSTABILITY / AC-JOINT /
POSTERIOR INSTABILITY / FRACTURES**

**I- Anterior Instability – Arthroscopic Bankart
Repair & Patient Selection**

07:10 Is Arthroscopic Bankart Still Valid? Patient Selection & Long-term Results Hervé Thomazeau, MD

07:17 Arthroscopic Soft Tissue Shoulder Stabilization in Elite Judo Hiroyuki Sugaya,

	Athletes: How Do They Perform?	MD
07:24	At Long-Term, Open Latarjet Beats Bankart Procedure for Anterior Shoulder Instability!	Christian Gerber, MD
07:31	Ask the Experts : Interactive Case Presentations / Discussion + Audience VOTE (10')	
II- Anterior Instability – Avoiding Complications with the Latarjet Procedure		
07:41	The Open Latarjet Procedure: Tips & Tricks – Relive Video	Gilles Walch, MD
07:48	Immediate & Early Complications of the Open Latarjet Procedure: The American Experience	Brad Edwards, MD
07:55	Short-term Complications of the Arthroscopic Latarjet Procedure: The Canadian Experience	George S. Athwal, MD
08:02	Arthroscopic Latarjet Procedure: Can a Standardized Technique Reduce Complications ?	D. Saliken, MD, P. Boileau, MD
08:09	Ask the Experts : Interactive Case Presentations / Discussion + Audience VOTE (10')	
III- Anterior Instability – Latarjet Procedure with Screw Fixation		
08:19	Arthroscopic Latarjet: Results of the SFA Multicenter Study	Laurent Lafosse, MD
08:26	Coracoid Graft Positioning in Open and Arthroscopic Latarjet Procedures: A 2D-CT Analysis	Johannes Barth, MD
08:33	Arthroscopic Latarjet Procedure With Anterior Capsular Reconstruction: The Chinese Experience	Chunyan Jiang, MD, PhD
08:40	When Surgeons should not Perform the Latarjet Procedure? ...	Gilles Walch, MD
08:47	Ask the Experts : Interactive Case Presentations / Discussion + Audience VOTE (10')	
08:57	Coffee Break – Refreshments / Exhibits (33')	

IV- Anterior Instability – Arthroscopic Latarjet with Suture-Button Fixation

09:30 Arthroscopic Latarjet with Double-Button Fixation: Blood, Sweat & Tears!... – Our Learning Curve N. Bonneville, MD & CE Thélou, MD

09:37 Arthroscopic Latarjet using Quadruple-Button Fixation : Technique, Results & Complications Philippe Valenti, MD

09:44 Two Versus Four Buttons for Coracoid Fixation in Arthroscopic Latarjet : Does it Matter?... Hugo Barret, MD

09:51 **Ask the Experts : Interactive Case Presentations / Discussion**
+ Audience VOTE (10')

V- Anterior Instability – Revision of Failed Anterior Instability Procedures

10:01 The Role of Soft Tissue Reconstruction for Failed Bristow-Latarjet Procedure Vincent Lavoué MD

10:08 The Latarjet Procedure for the Management of Failed Arthroscopic Bankart Gilles Clowez, MD

10:15 Arthroscopic Eden-Hybinette for Failed Latarjet Pascal Boileau, MD

10:22 **Ask the Experts : Interactive Case Presentations / Discussion**
+ Audience VOTE (10')

VI- Anterior Instability – Glenoid Deficiency / Cuff Deficiency or Hyperlaxity

10:32 Arthroscopic Iliac Crest Bone Graft for Anterior Glenoid Reconstruction: Complications, Pitfalls & Results Markus Scheibel, MD, PhD

10:39 Arthroscopic Trillat using Suture-Button Fixation: How to do it? When to do it? What Results? Pascal Boileau, MD

10:46

10:53

11:00 **Ask the Experts : Interactive Case Presentations / Discussion**
+ Audience VOTE (10')

VII- Posterior Instability

11:10	Posterior Instability from Childhood to Adult: Natural History & Results of Posterior Shoulder Stabilization	T. Langlais, MD & P. Boileau, MD
11:17	The Shoulder Pacemaker Concept for Atraumatic Posterior Instability	Phillip Moroder, MD
11:24	Walch B0 Glenoid: Pre-osteoarthritic Posterior Subluxation of the Humeral Head: Not for the Arthroscopist!	Gilles Walch, MD

11:31 Ask the Experts : Interactive Case Presentations / Discussion
+ Audience VOTE (10')

VIII- AC-Joint Stabilization

11:41	Arthroscopic AC-Joint Reconstruction for Acute Dislocations: A Ten Years Experience	Markus Scheibel, MD
11:48	Treatment of Symptomatic Chronic AC-Joint Instability: Why, When, and How to Do it?	Ben Kibler, MD
11:55	All-Arthroscopic Modified Weaver-Dunn Procedure for Failed Previous AC-Joint Stabilization	Olivier Gastaud, MD

12:02 Ask the Experts : Interactive Case Presentations / Discussion
+ Audience VOTE (10')

12:12 Luncheon (60')

13:12 Coffee / Exhibits (30')

IX- What's New in Shoulder?

13:42	All-Endoscopic Brachial Plexus Neurolysis: My Experience & Results	Thibault Lafosse, MD
13:49	Biomechanics of the Overhead Throwing Motion: Practical Consequences for the Shoulder Surgeon	Ben Kibler, MD
13:56	Iterative Metal Artifact Reduction (IMAR): A New CT-scan with Metal Artifact Reduction	Joe Iannotti, MD, PhD

14:03 Ask the Experts : Interactive Case Presentations / Discussion
+ Audience VOTE (10')

AFTERNOON LIVE SURGERIES

14h30-15h30 [LIVE SURGERY – SESSION I](#)

15h30-16h30 [LIVE SURGERY – SESSION II](#)

AFTERNOON WORKSHOPS

16h40 – 18h00 [WORKSHOP I – ARTHROSCOPIC KNOT-TYING WORKSHOP](#)

16h40 – 18h00 [WORKSHOP II – OSTEOSUTURES AROUND HA/RSA FOR FRACTURES, using the “NICE KNOT”](#)

16h40 – 18h00 [WORKSHOP III – IM NAILING FOR 2 AND 3-PART PROXIMAL HUMERUS FRACTURES](#)

16h40 – 18h00 [WORKSHOP IV – ULTRASOUND WORKSHOP FOR SURGEONS](#)

16h40 – 18h00 [WORKSHOP V – PREOPERATIVE PLANNING WORKSHOPS / ARTHROPLASTY](#)

16h40 – 18h00 [WORKSHOP VI – INDUSTRY WORKSHOP – BANKART REPAIR, CUFF REPAIR, SLAP REPAIR](#)

AFTERNOON ANATOMICAL LAB WORKSHOP

13h30 – 18h30 [ARTHROSCOPY LEARNING SESSION](#)

Friday June 1, 2018

LECTURES & CASE PRESENTATIONS

I- Partial Rotator Cuff Tears

07:10 Partial Rotator Cuff Tears: When is Surgery Indicated?

William N.

Levine, MD

07:17	Ultrasound Guided L-PRP Injection in Supraspinatus Interstitial Cuff Tears Does Induce Tendon Healing	Alexandre Laedermann, MD
-------	---	--------------------------------

07:24	Development & Age-Related Degradation of the Supraspinatus Enthesis: Consequences on Repair & Healing	Lars Henrik Frich, MD, PhD
-------	---	----------------------------------

07:31 **Ask the Experts : Interactive Case Presentations / Discussion + Audience VOTE (10')**

II- Critical Shoulder Angle & Acromioplasty

07:41	Higher Critical Shoulder Angle Increases the Risk of Retear after Rotator Cuff Repair	Joshua Dines, MD
-------	---	---------------------

07:48	The Benefits of Arthroscopic Lateral Acromioplasty in Rotator Cuff Repairs	Christian Gerber, MD
-------	--	-------------------------

07:55 **Ask the Experts : Interactive Case Presentations / Discussion + Audience VOTE (10')**

III- Fatty Infiltration of the Cuff Muscles

08:05	How and Why Should we Look for Fatty Infiltration?	Gilles Walch, MD
-------	--	---------------------

08:12	Fatty Infiltration and Atrophy of Cuff Muscles After Tendon Tearing or Denervation	Christian Gerber, MD
-------	--	-------------------------

08:19 **Ask the Experts : Interactive Case Presentations / Discussion + Audience VOTE (10')**

IV – Posterosuperior Cuff Tears

08:29	Rotator Cuff and Footprint Anatomy Revisited: Applications to Rotator Cuff Repair	Tomo Mochizuki, MD, PhD
-------	---	-------------------------------

08:36	Conventional versus Separate Double-Layer Cuff Repair: A Prospective Randomized Study	Yang-Soo Kim, MD,
-------	---	----------------------

PhD

08:43	Double-Layer Rotator Cuff Repair	O. Van Der Meijden, MD & P. Boileau, MD
-------	----------------------------------	---

08:50 Ask the Experts : Interactive Case Presentations / Discussion + Audience VOTE (10')

V- Anterosuperior Cuff Tears

09:00	Arthroscopic Subscapularis Repair: Technical Pearls & Results	Laurent Lafosse, MD
-------	---	---------------------

09:07	Release & Repair of Retracted Anterosuperior Cuff Tear – Relive surgery	Pascal Boileau, MD
-------	---	--------------------

09:14	Long Term Outcome after Pectoralis Major Transfer for Irreparable Anterosuperior Rotator Cuff Tears	Philip Moroder, MD
-------	---	--------------------

09:21 Ask the Experts : Interactive Case Presentations / Discussion + Audience VOTE (10')

09:31 Coffee Break – Refreshments / Exhibits (30')

VI- Rotator Cuff Repair Failures

10:01	“Failure with Continuity” (Tendon Retraction without a Recurrent Defect) after RC Repair: What Does it Mean?	Joseph P. Iannotti, MD, PhD
-------	--	-----------------------------

10:08	Risk Factors for Tendon Healing Failure after Arthroscopic Rotator Cuff Repair	Eiko Hashimoto, MD
-------	--	--------------------

10:15	Revision after Failed Rotator Cuff Repair: Does the Tendon have a Second Chance to Heal?	Michel Azar, MD
-------	--	-----------------

10:22 Ask the Experts : Interactive Case Presentations / Discussion + Audience VOTE (10')

VII- Rotator Cuff Repair – Long Term Results

10:32	Rotator Cuff Repair: Minimum 10 Year Follow Up	JF Kempf MD & P. Collin, MD
-------	--	-----------------------------------

10:39	Cuff Repair Augmented with Mesenchymal Stem Cells Improves Tendon Healing & Prevents Re-Tears	Sébastien Zilber, MD
-------	---	-------------------------

10:46	Advances in Biologic Augmentation for Rotator Cuff Repair	William N. Levine, MD
-------	---	--------------------------

10:22 Ask the Experts : Interactive Case Presentations / Discussion + Audience VOTE (10')

VIII- Massive Rotator Cuff Repair – To Repair or Not?

10:32	Superior Capsular Reconstruction (SCR) for Irreparable Rotator Cuff Tears : Why? When? And How I do it?	Teruhisa Mihata, MD, PhD
-------	---	--------------------------------

10:39	Results of Arthroscopic Superior Capsule Reconstruction with Dermal Allograft	Stephen S. Burkhart, MD
-------	---	-------------------------------

10:46	Massive Rotator Cuff Tears: Superior Capsular Reconstruction or Subacromial Balloon Spacer?	George Athwal, MD
-------	---	----------------------

10:53 Ask the Experts : Interactive Case Presentations / Discussion + Audience VOTE (10')

IX- Massive Irreparable Rotator Cuff Tears – The Role of Tendon Transfers

11:03	Lower trapezius Transfer to Reconstruct Massive Irreparable Posterior-Superior Rotator Cuff Tear	Bassem Elhassan, MD
-------	--	---------------------------

11:10	RSA Combined with Modified Latissimus Dorsi Transfer: Technique & Results	Stefan Rahm, MD & P. Boileau, MD
-------	---	---

11:17	Arthroscopic Latissimus Dorsi Tendon Transfer for Irreparable Posterosuperior Cuff Tears	Laurent Lafosse, MD
11:24	High Rate of Rupture and Disappointed Results after Arthroscopically-Assisted Latissimus Dorsi Transfer: Can We Improve?	Jean Kany, MD
11:31	Ask the Experts : Interactive Case Presentations / Discussion + Audience VOTE (10')	
11:41	Luncheon (60')	
	Coffee / Exhibits (30')	

INDUSTRY WORKSHOPS

11h41 – 13h14 **WORKSHOP VI – INDUSTRY WORKSHOP – BANKART REPAIR,
CUFF REPAIR, SLAP REPAIR**

X- Long Head Biceps Pathology – SLAP Lesions

13:14	What Happens to the Biceps Tendon after Successful Rotator Cuff Repair?	Hiroyuki Sugaya, MD
13:21	SLAP II Lesions: Is It Worth to Treat Them?	Cecilie Schroeder, MD

13:28 Ask the Experts : Interactive Case Presentations / Discussion +
Audience VOTE (10')

XI- Scapulothoracic Fusion

13:38	Scapulothoracic Fusion: Tips and Tricks – Relive Surgery	Joaquin Sanchez- Sotelo, MD, PhD
13:45	Outcomes of Scapulothoracic Fusion in FSHD	George S. Athwal, MD FRCS

13:52	Bilateral Scapulothoracic Fusion for FSHD: Function, Fusion & Respiratory Repercussion	Pascal Boileau, MD
-------	--	--------------------

13:59 **Ask the Experts : Interactive Case Presentations / Discussion + Audience VOTE (10')**

XII- Proximal Humerus Fractures

14:09	Percutaneous Antegrade Nailing for 2, 3, and 4-Part Fractures: The Nice Experience	P. Boileau, MD & T. D'Ollonne, MD
-------	--	-----------------------------------

14:16	Is RSA more effective than HA for the Treatment of Proximal Humerus Fractures in the Elderly? A Systematic Review	David Gallinet, MD
-------	---	--------------------

14:23 **Ask the Experts : Interactive Case Presentations / Discussion + Audience VOTE (10')**

14:33 **Coffee – Exhibits (47')**

AFTERNOON LIVE SURGERIES

15h20-16h10 **LIVE SURGERY – SESSION III**

16h30-17h20 **LIVE SURGERY – SESSION IV**

AFTERNOON ANATOMICAL LAB WORKSHOP

13h30 – 18h30 **ARTHROPLASTY LEARNING SESSION**

**Saturday June 2, 2018
THE YOUNG ARTHRITIC
SHOULDER**

**RESULTS OF HEMIARTHROPLASTY IN
THE YOUNG PATIENT :**

TO REST, TO REAM OR TO RUN ?....

07:00 Introduction – Shoulder Options for The Young Patient with Osteoarthritis – Methodology of the Multicenter Study
Pascal Boileau, MD

I- RESULTS OF SHOULDER ARTHROPLASTY IN THE YOUNG PATIENT ACCORDING TO THE ETIOLOGY

07:10 Results of Shoulder Arthroplasty for Cuff Tear Arthritis (Hamada Type IV and V – Non operated)
Luc Favard, MD

07:17 Results of Shoulder Arthroplasty for Massive Cuff Tear without Glenohumeral Osteoarthritis (Hamada I, II, III – Non operated)
Daniel Molé, MD

07:24 Results of Shoulder Arthroplasty for Failure After Cuff Surgery
Jean-François Gonzalez, MD

07:31 Results of Shoulder Arthroplasty for Failure of Instability Surgery
Philippe Clavert, MD, PhD

07:38 **Ask the Experts : Interactive Case Presentations / Discussion + Audience VOTE (10')**

07:48 Results of Shoulder Arthroplasty for Avascular Necrosis

07:55 Results of Shoulder Arthroplasty for Primary Osteoarthritis
Gilles Walch MD

08:02 Results of Shoulder Arthroplasty for Rheumatoid Arthritis
Christophe Lévine MD

08:09 Results of Shoulder Arthroplasty for Acute Fractures
Lauryl Decroocq MD

08:16 Results of Shoulder Arthroplasty for Fracture Sequelae (Operated or Not)
Mickaël Chelli, MD

08:23 Results of Shoulder Arthroplasty for Tumors
F. Sirveaux, MD & JL Raynier, MD

08:30 Ask the Experts : Interactive Case Presentations /
Discussion + Audience VOTE (10')

II- RESULTS OF HEMIARTHROPLASTY IN THE YOUNG PATIENT

08:40 Hemiarthroplasty With Glenoid Reaming (Ream &
Run)

08:47 Biologic Resurfacing of the Glenoid for Young Armodios Hatzidakis,
Patients with OA MD

08:54 Unacceptable Failure of Biological Glenoid Christian Gerber, MD
Resurfacing Combined with Hemiarthroplasty

09:01 HA in Patients Younger than 60 Years: Results of the
Multicenter Study

09:08 Ask the Experts : Interactive Case Presentations /
Discussion + Audience VOTE (10')

III- RESULTS OF HUMERAL HEAD RESURFACING IN THE YOUNG PATIENT

09:18 Resurfacing Humeral Prosthesis: Do we Really P. Mansat, MD & N.
Reconstruct the Anatomy? Bonneville, MD

09:25 Results and Limitations of Humeral Head Resurfacing: C. Szymanski, MD & C.
105 Cases at a mean follow-up of 5 Years Maynou, MD

09:32 Resurfacing in Patients Younger than 60 Years: Results
of the Multicenter Study

09:39 Ask the Experts : Interactive Case Presentations /
Discussion + Audience VOTE (10')

09:49 Coffee Break – Refreshments / Exhibits (20')

IV- RESULTS OF ALTERNATIVE ARTHROPLASTIES IN THE YOUNG PATIENT

- 10:09 Results of Hemiarthroplasty with Pyrocarbone Head
-
- 10:16 Results of Interposition Spherical Arthroplasty
(Snooker Ball) : Multicenter Study Results
-
- 10:23 Open Wedge Osteotomy of the Glenoid Neck for OA Philip Moroder, MD
in the Young Patient
-

10:30 **Ask the Experts : Interactive Case Presentations /
Discussion + Audience VOTE (10')**

V- TOTAL SHOULDER ARTHROPLASTY IN YOUNGER PATIENTS

- 10:40 TSA in Patients Younger than 60 Years: Results of the
Multicenter Study
-
- 10:47 **Ask the Experts : Interactive Case Presentations /
Discussion + Audience VOTE (10')**
-

VI- REVERSE SHOULDER ARTHROPLASTY IN YOUNGER PATIENTS – A

- 10:57 Long-term Outcomes and Complications of RSA for Christian Gerber, MD
Irreparable Rotator Cuff Tears in Patients Younger
than 60 Years
-
- 11:04 Primary Reverse Shoulder Arthroplasty in Patients John Sperling MD
Aged 60 Years or Younger: The Mayo Experience
-
- 11:11 Reverse Shoulder Arthroplasty in Patients Younger Mark Frankle, MD
than 55 years: 2- to 12-Year Follow-up
-
- 11:18 What is the Best RSA Stem Angle: 135°, 145°, or George S. Athwal, MD
155°?
-
- 11:25 RSA in Patients Younger than 60 Years: Results of the
Multicenter Study
-
- 11:32 **Ask the Experts : Interactive Case Presentations /
Discussion + Audience VOTE (10')**
-

VII- REVERSE SHOULDER ARTHROPLASTY IN YOUNGER PATIENTS – B

11:42	Our experience with Reverse Shoulder Arthroplasty & L'Episcopo Transfer	P. Boileau, MD & MO. Gauci, MD
11:49	LD transfer and RSA in Patients Younger than 60 Years	Christian Gerber, MD
11:56	Stemless Reverse Shoulder Arthroplasty: Long-Term Follow Up	Philippe Tessier, MD
12:03	Ascend Flex < 60 years	Birgit Werner, MD
12:10	Metal-on-Metal Reverse Shoulder Arthroplasty in Patients Younger Than 50 Years: Is it an Option?	Bradley Edwards, MD
12:17	Reversing Bearing Surfaces in Reverse Shoulder Arthroplasty : Does it Work?	Alessandro Castagna, MD
12:24	Results of Ceramic Arthroplasty	
12:31	Ask the Experts : Interactive Case Presentations / Discussion + Audience VOTE (10')	
12:41	Luncheon / (60')	
	Coffee / Visit Exhibits (30')	

VIII- REVERSED SHOULDER ARTHROPLASTY IN YOUNGER PATIENTS – C

14:11	Angled BIO-RSA	Pascal Boileau, MD
14:18	Results of Eccentric Glenosphere	G. Walch, MD & P. Collotte, MD
14:25	Quantitative Measurement of Osseous Pathology in Advanced Glenohumeral Osteoarthritis	Joseph P. Iannotti, MD, PhD
14:32	A Rapid Method for Detecting Cutibacterium acnes in From the Shoulder (Previously called Propionibacterium)	George S. Athwal, MD

14:39 Diagnosis of Periprosthetic Shoulder Infection: Where are we Now? Joseph P. Iannotti, MD, PhD

14:46 **Ask the Experts : Interactive Case Presentations / Discussion + Audience VOTE (10')**

IX- REVISION OF SHOULDER ARTHROPLASTY IN YOUNGER PATIENTS

14:56 Do Younger Patients Have Increased Risks of Revision Surgery After Shoulder Arthroplasty? John Sperling, MD

15:03 Treatment of Proximal Humeral Bone Loss with Allograft Prosthetic Composites (APC) Mark Frankle, MD

15:10 Patient-Specific Vault Reconstruction System (VRS) for Severe Glenoid Bony Defects David Dines, MD

15:17 Deltoid Paralysis: Is Reverse Shoulder Arthroplasty with Pedicled Pectoralis Transfer a Reliable Option? Bassem T. Elhassan, MD

15:24 **Ask the Experts : Interactive Case Presentations / Discussion + Audience VOTE (10')**

LEVEL OF ACTIVITY AFTER SHOULDER ARTHROPLASTY IN YOUNGER PATIENTS

15:34 Young Patients Report Similar Activity Levels to Older After Reverse Shoulder Arthroplasty Thomas W. Throckmorton, MD

15:41 Shoulder Arthroplasty in Patients Younger than 60 years: Is Return to Sports Possible? David M. Dines, MD

15:48 **Ask the Experts : Interactive Case Presentations / Discussion + Audience VOTE (10')**

15:58 **Coffee – Exhibits (30')**

16:28 CONCLUSION – What Did We Learn Today? P. Boileau, MD & G. Walch, MD
