Knee Revision Live-Case Observation

Kaunas Clinics, Kaunas, Lithuania

Welcome

I am happy to present the orthopedic visitation center - Kauno Klinikos. Professor A. Smailys head of Kaunas clinics orthopaedic traumatology clinic will be your lector during visitation.

Professor has more than 20 years of practice in knee primaries, revisions and difficult cases with successful track records and good outcomes from patients. A. Smailys has very good skills in teaching and giving the best advice from his experience.

Kaunas orthopaedic clinic consults 12 000 patients and performs 5000 different cases per year, which makes the clinic the biggest in Lithuania. Highly educated professional staff with newest medical devices gives the best health service in various trauma, joints reconstruction, joints endoprosthesis and arthroscopy in the region.

I wish you a very instructive course!
